

WILLIAM BOOTH PUZZLE SHEET

My book, *In Darkest England and the Way Out*, used a drawing of a lighthouse to show my ideas about how we could help people.

Draw in each lightbeam your ideas to help people.

Can you find parts of my 'I'll fight' speech below? Shade in each word; **the words make a path**, in straight lines - but never diagonally.

While women weep, as they do now, I'll fight.
While little children go hungry, as they do now, I'll fight.
I'll fight, I'll fight to the very end.
