

Safety Sheet

We want you to have loads of fun at Get OWT! - but it's important that we all stay safe. Here are a few points that we'd like you to read through before you take part in the fun activities we have planned.

- The location for Get OWT! is ideal for outdoor play, with large open spaces, woodland, and little streams. But watch out for **tree roots** in the wooded area and along the walkways: we wouldn't want you to take a trip!
- Our team will check and clear the area of **rubbish** before we start but we might miss a bit. It's best to notify a member of the team if you do see something rather than picking it up yourself. We don't want any cuts from litter!
- We're happy to be responsible for organising fun activities but we're not able to supervise your children. To avoid anybody getting lost, we ask all parents and guardians to **supervise their children** at all times.
- Unfortunately, in severe weather, Get OWT! will have to be stay-in! We do ask you to wear **appropriate clothing and footwear** dependent on weather conditions. When it's hot, please pop a sun hat on, use sun cream and drink plenty of fluids.
- It's possible that you might get peckish while doing the activities. If so, please eat only the snack in your pack or food from home. Best to **avoid the berries and fungi!**

A member of our team will happily give you our full, extensive risk assessment if you wish to see it.

Say Cheese!

(or don't)

We love to take photos of what we've been doing at Get OWT!, but we know that not everybody likes to have their photograph taken and shared. It's fine if you don't. **Please indicate if you would be willing for photographs of your child(ren) to be taken and freely used in promotion on the next page.**

GET OWT!

Outside With Toddlers

Child's name	Child's DOB (DD/MM/YYYY)	I agree to the Safety Sheet for this child (Y/N)	I give photo consent for this child (Y/N)

Lead adult's name.....

Lead adult's contact number.....

Lead adult's email address.....

Lead adult's home address.....
